(54) Title: **MULTI TRAY CARGO SYSTEM**

(57) Abstract: A collapsible cargo system for a vehicle is disclosed. The collapsible cargo system comprises a flexible panel (18) and a plurality of generally parallel, spaced apart support members coupled to the panel (18) and configured to releasably couple the panel (18) to the vehicle. The at least one of the support members includes an interface portion (23) configured to selectively engage an interior component of the vehicle. The the panel (18) is deployable in a first use position wherein the support members are generally cross-car in the vehicle and the interface portion (23) is engaged with the interior component, and deployable in a stowed position.

For two-letter codes and other abbreviations, refer to the "Guidance Notes on Codes and Abbreviations" appearing at the beginning of each regular issue of the PCT Gazette.
